

**Be careful
about sharing
lots of personal
information
online**

**Remember,
people might
not always be
who they say
they are**

**Always tell a
trusted adult if
anything makes
you feel unsafe
or worried**

**Pictures of
people you see
online may not
be real**

**Speak kindly,
there are real
people online
just like you**

**Treat others the
way you wish to
be treated**

**Remember, we
are all different
and may not
always agree,
and that's ok**

**Only say things
online you'd be
happy to say
face-to-face**

Love this! ❤️

**When making jokes,
try to think about
how other people
will feel when they
hear them**

**Not everything you
hear online is true
- some people like
to make others feel
afraid with what
they say**
